Drug (s), psychiatric, 44, 112, 176, 239, 305, 369

EFFECTS of remotivation on social competence, interest, neatness, 197
Europe — WHO, 230

FACTORS in interpersonal and family relationships and alcoholism, 274

GERIATRIC (s), 51, 115, 178, 242, 308, 372
Group
  experiences, small, administrative implications, 261
  informal, nurse's role in, 267
  therapy, analysis of orientation phase, 20

HANDICAPPED, planning playgrounds for, 339
Hong Kong and its millions of refugees, 208

IMPLICATIONS of small group experiences, administrative, 261
Indices to predict success on psychiatric nursing state board examinations, 79
Individual counseling conferences, means of resolving stressful situations, 27
Interpersonal, family relationships, alcoholism, factors in, 274
Intervention, movigenic, expanded dimension, 349

LAY literature as adjunctive teaching tool, 226
Levels of preparation, realistic utilization, 133
Literature, lay, as adjunctive teaching tool, 226

MENTAL health
  community, in Netherlands, 101
  creative ways of stimulating, 15
Mental hospital
  admissions, moon phases, 325
  moon, investigation of one area of folklore, 88
Moon phases and mental hospital admissions, 325
Motivation, musical rhythm, 287
Movigenic intervention, expanded dimension, 349
Musical rhythm motivation, 287

NETHERLANDS, community mental health, 101
Nurse (s)
  as therapist and researcher, conflict, 202
  role in informal group, 267
  student, 219
  therapist, 86
  therapist relationship with psychotic child, 71
Nursing
  apparel and psychiatric patients, 344
  Portugal, 361
  Soviet Union, 294
  students, occupational therapy demonstration for, 284
  students, psychiatric, teaching behavioral observation, 94

OBSERVATION, behavioral, teaching to psychiatric nursing students, 94
Occupational therapy demonstration for nursing students, 284
Organization of psychiatric services in USSR and role of nurse, 165
Orientation phase, analysis, group therapy, 20
Oriented unit, discharge, 158

PARENT speaks, 154
Patients
  discharged, psychiatric, visits to former treatment center, 213
  psychiatric, nursing apparel, 344
  speak out, 279
Penthouse, discharge oriented unit, 158
Planning playgrounds for handicapped, 339
Playgrounds for handicapped, planning, 339
Portugal, nursing in, 361
Problems of psychiatric care in Berlin, German Democratic Republic, 35
Program of resocialization for long-term regressed schizophrenic patient, 334
Psychiatric
  aides, training in behavioral modification techniques, 7
  care in Berlin, problems, 35
  drug (s), 44, 112, 176, 239, 305, 369
  nursing state board examinations, developing reliable indices to predict success, 79
  nursing students, teaching behavioral observation to, 94
  services, organization of, in USSR and role of nurse, 165
Psychiatric patients
  behavior rating scale for assessing nursing care requirements, 150
  discharged, visits to former treatment center, 213
  nursing apparel, 344
Psychoanalytic concept of depression, 138
Psychotic child, nurse therapist relationship with, 71

RATIONAL approach to short-term counseling, 336
Realistic utilization, levels of preparation, 133

Pages 7-59 appear in the January-February issue; 71-122, in the March-April issue, 133-186, in the May-June issue; 197-251, in the July-August issue 261-316, in the September-October issue; and 325-379, in this issue.
